Douglas County Wisconsin
PO Box 3065, 6702 Ogden Avenue,
Superior, WI 54880
715-392-8551-Office,
715-395-8361- Fax

BUILDING PERMIT PROCEDURE

1. Application from Village Clerk, to include owners name, contractors (construction, plumbing and electrical), address, AND,
2. Plan plot with position of building with regard to roof height and setbacks of easements or property lines. To allow for verification by the Village regarding compliance with Village ordinances. AND,
3. Erosion control on application. Listing the amount of hard surfaces to be added; such as sidewalks, patios, decks, driveways, anything graveled or paved. Areas less then 1 acre (43,560 square feet) needs to show some erosion control measures on plan, including runoff flow arrows (Ord.#42). Areas greater than 1 acre need to design an erosion control AND stormwater management plan (Ord.No 42 & 43) which would require an engineer review at owners expense.
4. **For new homes**, application for sewer hook-up permit supported by details and associated fees to the Village treasurer.
5. Request/application for any culvert installation with detailed drawings for Village approval and collection of appropriate fees as per ordinance.
6. A copy of the above application(s), permits and inspections to be presented to the building inspector authorizing him to start the UDC procedures required by him. UDC inspector to notify Village Office to verify Village approval and report intended start and completion dates.
7. On completion, Building inspector to notify Village Office when he will make his final inspection of the construction, this will allow the Village to send a representative to oversee and verify all village ordinances have been complied with; including culverts and ditches and that culvert installations was done correctly.
8. Upon completion and passing the inspection, the Village would present a certificate of occupancy to the owner allowing them to occupy the building as required by Village ordinance.
